

- **1. The first part of the text (lines 1-4) describes the general situation of the company. The main problem is the lack of resources, which is caused by the high costs of production and the low price of the product.**
- **2. The second part of the text (lines 5-8) discusses the reasons for the problem. The main reason is the high cost of raw materials, which is due to the increase in the price of oil. Another reason is the low efficiency of the production process.**
- **3. The third part of the text (lines 9-12) presents the proposed solution. The company should reduce the cost of raw materials by negotiating with the suppliers. It should also improve the efficiency of the production process by investing in new technology.**
- **4. The fourth part of the text (lines 13-16) explains the expected results of the solution. The company is expected to reduce its costs and increase its profit. This will allow it to lower the price of the product and remain competitive in the market.**
- **5. The fifth part of the text (lines 17-20) concludes the text. The author believes that the proposed solution is the best way to solve the company's problem. It is a practical and effective way to reduce costs and increase profit.**
- **6. The sixth part of the text (lines 21-24) discusses the importance of the solution. It is a key factor for the company's success in the long run. Without it, the company would be unable to survive in the market.**
- **7. The seventh part of the text (lines 25-28) provides a summary of the main points. The company's main problem is the lack of resources, which is caused by high costs and low efficiency. The proposed solution is to reduce costs and improve efficiency.**
- **8. The eighth part of the text (lines 29-32) discusses the benefits of the solution. It will help the company to reduce its costs and increase its profit. This will allow it to lower the price of the product and remain competitive in the market.**
- **9. The ninth part of the text (lines 33-36) concludes the text. The author believes that the proposed solution is the best way to solve the company's problem. It is a practical and effective way to reduce costs and increase profit.**

## Questions for Oral Answers

1. **What is the main problem of the company? (lines 1-4)**
2. **What are the reasons for the problem? (lines 5-8)**
3. **What is the proposed solution? (lines 9-12)**
4. **What are the expected results of the solution? (lines 13-16)**
5. **What is the importance of the solution? (lines 17-20)**
6. **What are the benefits of the solution? (lines 21-24)**
7. **What is the author's conclusion? (lines 25-28)**
8. **What is the author's opinion on the solution? (lines 29-32)**
9. **What is the author's recommendation? (lines 33-36)**
10. **What is the author's final statement? (lines 37-40)**
11. **What is the author's overall message? (lines 41-44)**
